Technology Enabled Convenience

Our app not only gives residents a secure and convenient way to pay for laundry but also check machine availability, receive cycle alerts and even request refunds all from their mobile device!

How It Works

A Connected Platform

Modern Convenience

Our app offers streamlined payment along with real-time updates and tracking of your laundry.

Wi-Fi Enabled Devices

Creating a secured network of connected devices enables a seamless and simple process for our users.

Real-Time Progress

Wi-Fi enabled devices create an intelligent network of machines that can securely process digital payments, capture machine diagnostics and deliver modern convenience.
