Laundry Information

The laundry facilities are located on each floor. The machines can only be used with a card, as the app is not compatible with all machines.

You can purchase a card from the VTM machine located in the lobby area, next to the third door on the right. The cost for the card is \$5. You will also need to add money to the card, as the washer costs \$2.50 and the dryer costs \$2.00. Please note that you must bring your own detergent.

The VTM machine does not accept \$1 bills, and it does not provide change. You can pay using a credit or debit card.
