You can see here for each listing all reservations in your calendar

The screenshot displays the 'Multicalendar View' interface. At the top, there is a search bar with the text 'Search by listing name, location, tags' and a '2 listings' indicator. To the right, there are buttons for 'Today' and 'June 2021'. Below the search bar, there is a dropdown menu for 'All listings'. The main area is a calendar grid for June 2021, showing reservations for two listings. The first listing has reservations for 'carlos j' on Sat 26 and 'James' on Thu 01, both for \$180. The second listing has reservations for 'Melissa v' on Sat 26 for \$160, 'Katelyn' on Sun 27 for \$160, and 'Dulce M' on Sun 04 for \$160. A sidebar on the left contains navigation icons for home, calendar, and other features. The text 'Multicalendar View' is centered below the calendar grid.
